\* Donations welcome

to support the Building for the Future Campaign

“Architecturally,  
the building has  
its back to the  
community— which  
is the complete  
opposite of what the  
Resource Center for  
Nonviolence  
represents. Our goal  
is to design changes  
that bring attention  
to the building as  
the true community  
resource that it is.”

— Christian  
Nielsen and  
Timerie Gordon,  
Nielsen Architects

❧ Please RSVP by July 12 ❧
